FILTERS**

Max rebate of \$1000 per customer.

**NOW IS THE TIME TO BULK UP  
WITH 10% OFF OIL!**

Various gallon sizes available. See store for details.

### No.1 Engine Oil™:

No.1 Engine Oil™ is bench tested, field tested and approved by CNH engineers to meet the stringent demands of today's Tier 4 engines. Low-SAPS (sulfated ash, phosphorus and sulfur) additive technology helps protect exhaust catalysts and diesel particulate filters (DPF) on the latest low emission vehicles. As a safeguard against premature wear, our No.1 Engine Oil™ is engineered to the new, next-generation MAT 3571 specification. It has been extensively tested to provide maximum protection in oxidation and aeration control, shear stability and wear performance for heavy-duty, high-temperature operation of construction, agricultural and other off-road diesel-powered equipment.

### Hy-Tran®:

Hy-Tran® Premium Hydraulic Transmission Oil is bench tested, field tested and approved by CNH engineers to keep tractor transmissions, axles and hydraulic systems free of deposits while inhibiting wear, corrosion, sludge and foaming. Engineered specifically for Case IH/CASE equipment, it uses the latest zinc-free, anti-wear additives and is formulated to provide premium performance and protection for all generations of equipment — from legacy to CVTs.

# HEAVY-DUTY COOLANT/ANTIFREEZE

**10% OFF**  
Case IH Brand

## CASE IH IAT ANTIFREEZE

Major diesel engine manufacturers estimate that more than 50% of engine failures are cooling system related. Worn rings, scuffed pistons, cracked heads, and corroded bearings may appear to have nothing in common with the cooling system, when these problems are often the symptoms of improper cooling system maintenance. Using a heavy-duty coolant can help you avoid premature engine failure.

## CASE IH OAT ANTIFREEZE

Extended-Life OAT Coolant/Antifreeze is bench tested, field tested and approved by CNH Industrial engineers to provide superior high-temperature protection in extreme conditions. Based exclusively on a synergistic combination of Organic Additive Technology (OAT), this long service life coolant/antifreeze protects cooling system metals against rust, corrosion and deterioration, while fighting deposit buildup and cylinder liner cavitation. Suitable for all heavy- and light-duty diesel, natural gas and gasoline engines, Extended-Life OAT Coolant/Antifreeze is the only coolant able to protect all generations of equipment.

**BULK DIESEL EXHAUST FLUID**  
100 gallons or more.

**10% OFF\***

\*Call for price.

**20% OFF FLEETGUARD®!**

## FLEETGUARD ANTIFREEZE/COOLANTS

Fully formulated extended life coolant (antifreeze) with dual borate, phosphate buffer and low silicate formulation for use in all heavy-duty diesel and gas engines. Protects against liner pitting, and provides solid corrosion protection for aluminum, cast iron, copper, brass and solder.

# BATTERIES

**15% OFF**  
LIST PRICE ON  
BATTERIES

Contact store for complete list of qualifying items.

Whether you're storing your equipment after a successful harvest or tackling maintenance before the busy spring season, machine inspections should be on your to-do list. Checking equipment for updates and repairs should be done routinely throughout the year; however, a proper inspection from your dealer is a proven way to protect your investment and keep your equipment working at peak condition.

## PLANTER INSPECTIONS

Inspections consist of a comprehensive 50+ point test.  
\$20/meter flat rate for testing meters with an (in house) inspections.

**800-900-950-955 Series.....\$150 plus mileage**

**1200 Series and up.....\$20 a row plus mileage**

A six-month extended parts warranty is available on top of an existing six-month warranty on new and remanufactured parts when installed by a Case IH dealer by March 31<sup>st</sup>, 2025

## DID YOU KNOW?

Only your Case IH dealer is trained specifically in maintenance of your Case IH equipment.

# START YOUR SEEDBED RIGHT

## Maxxi-Width

Constant width wing design for maximum performance; heavy duty 1" reinforced wear tip for improved penetration and less draft; fits Case IH and most other makes of field cultivators.

## Maxxi-Grip

20% heavier than Maxxi-Width sweep for increased wear life; mounts to heavy-duty case adapter; easy to install, easy to remove; neoprene gripper strips on the side of the casting hold sweep firmly in place.

## Maxxi-Point

Heavy-duty extended nose with 1/2" wear point for increased wear life and penetration; high strength alloy steel and superior heat-treatment promote better scouring and longer wear life; constant width wing design.

## Maxxi-Point Plus

Same outstanding design and manufacturing features as the Maxxi-Point sweeps; new 2-part design to reduce replacement time; mounts to heavy-duty cast adapter; easy to install, easy to replace.

# PRECISION SOLUTIONS THAT DRIVE PERFORMANCE

Save more on the precision farming solutions that can upgrade accuracy in the field and lead to higher yields.

Case IH precision farming solutions offer the latest technologies and systems needed to get into the fields efficiently. With a range of offers designed to optimize operations of all sizes, these technologies can enhance performance all year long.

## PROVEN RESULTS FROM FACTORY-TRAINED TECHNICIANS

As certified product experts, Case IH technicians know how to uncover, assess and solve problems that might otherwise go unnoticed. And that's just the start. An equipment inspection from your Case IH dealer also:

- **Provides Peace of Mind:** Every genuine Case IH and remanufactured part comes with warranty protection when properly installed by a factory-trained technician.
- **Minimizes Downtime:** It might not be difficult to spot a major equipment issue such as a worn belt or a broken chain, but technicians are trained to look past obvious fixes and spot possible issues before they become a problem.
- **Improves Productivity:** By investing in a proactive approach to maintenance inspections, service technicians can help you prevent or eliminate costly downtime by diagnosing and solving issues before they become a problem. Your dealer also can spot opportunities to upgrade your equipment, which will improve your overall uptime and productivity.

### LOOKING FOR NEW OR PRE-OWNED EQUIPMENT?

We are here to help you identify the best equipment for your needs. Stop in at your local Miller Sellner store and talk to some in our sales team.

**Email your order during the month of March and get an additional 2% off the discounted price!**

## Precision Farming Fixed Interest Rate Program

Customer will receive 3.99% for 36 months special financing on qualifying purchases of \$6,000 or more related to aftermarket Precision Farming using a fixed-rate loan.

**Valid through 4/30/2025.**

## Precision Farming Trade-in Trade-up Instant Rebate

Customer will receive up to 50% off the purchase of precision farming products with trade-in. Trade-in value given as a line-item discount on the customer invoice at point of sale.

**Valid through 04/30/2025.**

**NEW**

## The Pro 700 Plus

The new Pro 700 Plus monitor is the main mode of operating and supervising your tractor. The latest connectivity package allows real time information and universal data transfer. The larger size and higher resolution of the screen itself gives a high-tech, high spec impression, while the construction takes into account the need for robust, hard-wearing farm technology. The full glass surface has an anti-fingerprint coating to prevent smudges. The large 12-inch display features 15 GB storage, anti-fingerprint coating, multitask capability and connection options with up to 4 camera inputs.

*Offers apply to eligible products purchased at participating Case IH dealers. Offers are nontransferable. Order must be placed per rules in the program communication. Traded-in product must be shipped no later than 5/31/2025 For end use only – not intended for wholesale. Offer subject to change or cancellation by CNH Industrial at its discretion. Qualifying Trade-in Products: Any Precision Farming product. CNH Industrial Parts & Service reserves the right of final determination of a Precision Farming product.*
